1. By 31 December 1953, the German staff of the Central Supply Department of USIG (Berlin-Karlshorst, Waldow Allee 32) had been reduced to three and all productive work there had ceased. Galanov, however, the head of the department, who was previously believed by the German staff to have returned to the USSR, has now reappeared in the department.
2. The German registry in Waldow Allee 36 was destroying old files, or handing over to the Russians those which they wished to retain.
3. The German staff had received no further information as to the future of the buildings occupied by USIG.
4. USIG has recently been visited by Utkin (fnu), from the Technisches Kontor, Karl-Marx-Stadt. He concentrated on examining the proposed supply plans prepared by USIG for 1954.
